

Hello,

I am Soumya Ranjan Pradhan, I have completed my bachelors of technology in the branch of Electronics and Telecommunication Engineering. I want to create my career in the field of Data science and Machine learning. I have done real time projects like Movie Recommender System.

I just gazed throughout your JD and got to know about your requirements. I think my personal experience and knowledge would satisfy the JD. It will be helpful for my personal growth as well as the growth of the company. Please, feel free to visit my Resume.

Thank you,

Regards

Soumya Ranjan Pradhan
